ONE

THE ONE & ONLY

The ONE is striking, unmistakably modern, and showcases its legendary DNA more proudly than ever with a concept twist based on the iconic design of our well-known Office Leva, giving that wonderful feeling of reconnecting with an old friend.

The ONE not only looks stunning, but every element and small detail has been carefully designed to fulfil the highest standards of ergonomic and intuitive control. The ONE is incredibly easy to use, without losing any performance, and delivers an outstanding in-cup-quality.

From the coffee lover or the amateur barista to the experienced coffee master, the ONE brings a superior espresso experience by introducing high performance features and smart solutions, whether you are at your home, in the office or in your own small coffee shop.

Some of the standard features in all 4 models are: Professional E61 group head, ½ turn taps, temp and shot time display, new interchangeable mains connection and water tank, with tank refill signal, barista kit and smart drip tray allowing the middle section to be removed for taller cups or scales.

Customise your machine with the optional wooden kit which includes side panels, group handle, steam knobs and lever knob.

Water connection on all models
USB connection on Pressure Profiling Model

Technical Info	Minimum Power Required	Element Size	Copper Boiler size	Dimensions WxDxH@Kg	Rotary Pump	Gradual Soft Pre-Infusion	Pressure Profiling	USB Connection	Water Tank	Mains Water
